Evidence of funding

We reserve the right to ask for evidence of funding, which is normally one year.

Should you decide to apply for funding from the local authority in the future, the conditions of the contract remain unchanged. Where a difference exists between the agreed cost and the total purchase cost agreed by the local authority, a top up contribution would be required from you.

If your financial circumstances change we request that you give us sufficient notice to help you to apply for alternative funding from the local authority (usually four months).

Fees are increased annually with changes effective from April 1st each year. The increase is based on a calculation which reflects the actual increase in our costs during the previous 12 months.

We may increase fees if there is a change in your care needs, a change in law or regulations that we need to adhere to that increases our costs, or you have requested to move to a different room for which a different fee is chargeable. We will give you 28 days notice of the change except where there is a need for us to provide you with additional facilities or care at short notice in which case we will give 7 days notice. You have the right to end the agreement with appropriate notice if you do not agree with the increase. Full details can be found in the self funder contract available on our website.
